Make a three three-dimensional picture to remind you how to live for Jesus, be His missionary and to thank Him for the gifts in your life. Ask your parent or an older sibling for help. For this craft you will need:

Five or six small objects (see below for examples)
Rubber cement or glue
One shoe box lid, or a similar box lid
Hole punch
Yarn or string
Colored construction paper (optional)

If you would like, line the inside of the lid with a piece of colored construction paper. Punch two holes at the top of the lid and tie on yarn or string to make a hanger for the picture. Use rubber cement to glue your items to the inside of the lid. Write brief explanations near each object.

Here are some examples of objects – and their explanations:
Comb: I should always look my best for Mass on Sunday
Plastic spoon: Thank you Jesus for the food I eat
Penny: I should be generous to others
Prayer card: I should pray for others
Picture of mom and dad: I should respect my parents
Nail: Jesus died on the Cross for me
